

Shalu Electricals

Govt. Licenced Class "I" Electricals Contractors & Engineers
Specialists In 'Software Facilities Internal / External E.H.T., H.T., L.T.' & All Types of Electrification Works

ABOUT US.

Our company is one of the leading Electrical contracting firms in Karnataka and has been in the field for over 15 years. We have been carrying out new electrical installation, additional installation and operation and maintenance works in many establishments throughout Karnataka.

We hold a "A" Grade Contractors license issued by the Karnataka State authorizing us to carry out all High Voltage works, new as well as additions and alterations, up to a rating of 33000Volts, Medium and Low Voltage Installations. We have also sister concerns and associates in other States through whom we can get works done in those States if necessary.

We have a varied experience in the electrical field having done jobs in different types of industries, multi-stored building , Hospitals , Hotels, Computer and Software Complexes, standby Generator installations etc.. We are confident of taking up all kinds of works. We enclose a list of major works which we are currently doing and also which we did during the last three years. This indicates the variety of works we are capable of.

We distinguish ourselves from our competitors by constantly focusing on our customers business requirements and delivering a professional and responsive quality electrical contractor services. This approach is backed by a policy of continuous improvement and a multi-skilled and committed work force that has helped us to build long-term strategic partnerships with our customers.

Our extensive knowledge and valuable experience enables us to develop cost effective and cutting edge solutions that offer greater efficiency and productivity for a wide and varied range of customer applications. Our abilities are advanced to a stage where we deliver projects on time and within budget.

We have all the necessary testing instruments and all tools and tackles, more than one set and so are in a position to carry out works at more than one center simultaneously.

We have sufficient number of qualified and experienced engineers, senior electricians and other workers. We have also access to specialized engineers and technocrats whose help we could avail of for any special requirements whenever needed.

We have good relationships with the supply authorities like Electricity Boards and other statutory authorities like Electrical Inspectorate, Lift Inspectorate etc. We are thorough with their requirements and so can be helpful in getting necessary Clearance.
