About Us:

Ecodia Environ is committed to deliver the most innovative, durable waste handling solutions and cleaning equipment with an impeccable after-sale support that competes in the cleaning and waste industry. Our head office is strategically located in Bangalore with large logistics facility and warehousing for swift distribution and prompt delivery for our clients across India.

Our Mission:

Our mission is to strengthen the product portfolio to meet the aspirations of our customers with higher dependency on mechanization and technology. We are committed to sustainability with dedicated products availability in our portfolio for the latest waste handling solutions to the most advanced cleaning equipment.

Our After Sales Support:

We provide high quality after sales support that is second-to-none in the industry. This includes operator training, warranty repairs and total technical support along with maintaining an inventory for critical spare parts. Our professionally trained technicians have full capability to maintain and protect your equipment.
