YEARS  
of excellence

## Over 50 years of excellence

Since 1972, Rooha Plywood Factory has been a pioneer in wood and allied products, setting benchmarks in quality and excellence. Using imported logs and responsible raw materials, every sheet undergoes a rigorous 5-step process, making it **borer and fungus proof, anti termite resistant, resistant with high stability, density, and warp-free durability**. From versatile plywood to decorative and flush doors, we deliver solutions that blend craftsmanship with cutting-edge technology. At Rooha, we don't just create plywood and doors we craft experiences built to last.
